Fish Sachet Pattern

See a full tutorial at [otherwiseamazing.com](http://otherwiseamazing.com).

1. Cut out pattern on dashed line.
2. Place pressed fabric pieces right sides together.
3. Pin pattern to fabric and trim fabric to pattern.
4. Place tracing paper with chalk side towards fabric between pattern and fabric.
5. Trace solid line on to fabric, including two start and stop lines and other markings. Make sure you can clearly see chalk marks on fabric.
6. Unpin pattern from fabric, being careful not to shift the two pieces, and repin.
7. Sew on marked line, backstitching at Start and Stop lines.
8. Cut out notches and slits as marked.
9. Trim the seam allowance to 1/4" and turn right side out through the hole.
10. Use a tool to poke out the tail and the nose, then press the seams.
11. Use a funnel to fill your fish with dried lavender, packing it in with a chopstick or other tool.
12. Hand sew the hole closed and sew on the button eyes.
13. Enjoy your fish!
